Authentic, unique and **unforgettable stories**

IN VILLA EXPERIENCES

The Ostuni Art Resort is an ode to joie de vivre and to the company of like-minded people. Giorgio and Giulio Angella have designed the entire complex as a natural, open living space: in particularly beautiful spots, they've created shady verandas and secluded arbors and have set up two large dining table outdoors, just in front of the kitchen and close to the barbecue and pizza oven.

The Ostuni Art Resort is thus an experience that uniquely offers exclusive privacy, joyful exchange and cultural discovery. The freedom of the guests is the supreme principle of the hospitality of Giorgio and Giulio Angella. The brothers provide options; guest choose individually, day by day.
